Prior to this announcement, 3DM has leaked the second GTA 5 update in early September. With this information, players can complete the second GTA 5 story mode mission quickly. At the same time, many players apply for a refund for their digital copies of the game due to technical problems after downloading GTA 5 update 2. Video game publisher Rockstar Games has officially confirmed its next "Grand Theft Auto" game update, which fixes issues users were experiencing with the game after downloading GTA 5 Update 2. "Grand Theft Auto V" new update brings fixes for technical problems that players complained about after downloading GTA 5 Update 2. Paying users of the PC version of the game are required to download the new update before they can play online games, including "GTA Online." The new update also includes a fix for a controversial GTA 5 money glitch. Rockstar Games has released another GTA V update for PC. This new update is entitled as GTAV Title Update 1.12, which addresses the issue of players not being able to carry out missions after downloading the latest installment, i.e., GTA 5 Update 2. The new patch also includes a fix for players losing their "Grand Theft Auto Online" RP progress after getting disconnected from the game servers. Following are some issues that are now resolved with this latest update:
